

OLIVER TILLINGHAST

THREAT AND COUNTERINTELLIGENCE ANALYSIS | TECHNOLOGY PROTECTION

Wichita, Kansas | (785) 214-8759 | obtill199@gmail.com

Active DoD TS/SCI | Counterintelligence Polygraph

PROFESSIONAL SUMMARY

Cleared intelligence analyst with six years of experience assessing adversary activity, evaluating emerging technologies, protecting classified information, and translating complex findings into reports, procedures, training, and senior-leader briefings. Brings a current TS/SCI with CI polygraph, strong all-source research skills, and experience identifying capability risks, data-quality concerns, and operational vulnerabilities.

AREAS OF EXPERTISE

Threat Assessment | Counterintelligence-Aware Analysis | Technology Risk Evaluation | All-Source Research | Procedure Development | Intelligence Oversight | Training Development | Incident and Risk Documentation | Senior-Leader Briefing

PROFESSIONAL EXPERIENCE

Fusion Analyst | Data Analyst | Team Lead

October 2022 - Present

184th Intelligence Group, Kansas Air National Guard | McConnell AFB, Wichita, KS

- Lead classified software and AI/ML evaluations with industry and national laboratory partners, assessing output accuracy, mission fit, data quality, limitations, and adoption barriers before recommending whether a capability should move forward.
- Maintain readiness to return to operational analysis while monitoring collection capabilities and the political and military environment surrounding priority adversaries.
- Build plans of action and milestones for test objectives, developmental work, and capability goals; maintain requirements, risk documentation, test findings, implementation plans, and leadership recommendations.
- Create and deliver job-specific instruction, Intelligence Oversight training, platform training, procedure guides, and reference materials; career training has reached approximately 100 personnel and supported initial qualification and annual recertification.
- Briefed the Air National Guard Director of Intelligence on the team's results and operational impact, turning technical work and user feedback into clear decisions for senior leadership.

Digital Network Intelligence Analyst

September 2020 - October 2022

161st Intelligence Squadron, Kansas Air National Guard | McConnell AFB, Wichita, KS

- Produced more than 20 multi-intelligence assessments for United States Central Command and coordinated information sharing with NSA, CIA, Army, and other Intelligence Community organizations.
- Built target, entity, relationship, and timeline structures covering more than 150 individuals using SIGINT, digital network intelligence, and all-source reporting.
- Trained and mentored more than 10 analysts on tradecraft, software workflows, reporting standards, and Intelligence Oversight; brought three analysts to full proficiency within one year.

PLATFORMS AND TECHNICAL SKILLS

Palantir; FADE/MIST; IBM i2 Analyst's Notebook; Esri ArcGIS; COGNOS (iCR); iSpy; CED; MEPED; NASICLINK; NSA discovery and research tools; classified intelligence databases
