

OLIVER TILLINGHAST

INTELLIGENCE PLATFORM INTEGRATION | USER ENABLEMENT

Wichita, Kansas | (785) 214-8759 | obtill199@gmail.com

Active DoD TS/SCI | Counterintelligence Polygraph

PROFESSIONAL SUMMARY

Cleared intelligence professional with six years of experience helping operational teams adopt analytical and AI-enabled capabilities in classified environments. Brings hands-on Palantir experience, end-to-end ownership of a 30-user platform rollout, career training of approximately 100 personnel, and a record of translating analyst workflows into practical technical improvements.

AREAS OF EXPERTISE

Intelligence Platform Adoption | User Workflow Discovery | Desk-Side and Classroom Training | Use-Case Development | Dashboard Support | Help-Desk Troubleshooting | Product Feedback | Stakeholder Briefing | Test and Evaluation

PROFESSIONAL EXPERIENCE

Fusion Analyst | Data Analyst | Team Lead

October 2022 - Present

184th Intelligence Group, Kansas Air National Guard | McConnell AFB, Wichita, KS

- Managed the 184th ISRG implementation of Scale AI's Donovan platform for approximately 30 intelligence professionals, translating analyst needs into use cases and coordinating integrations, testing, training, troubleshooting, and rollout activities.
- Create and deliver job-specific instruction, Intelligence Oversight training, platform training, procedure guides, and reference materials; career training has reached approximately 100 personnel and supported initial qualification and annual recertification.
- Coordinate biweekly working sessions and quarterly capability reviews with industry partners, analysts, engineers, customers, and leadership to resolve issues and keep delivery aligned with mission needs.
- Lead classified software and AI/ML evaluations with industry and national laboratory partners, assessing output accuracy, mission fit, data quality, limitations, and adoption barriers before recommending whether a capability should move forward.
- Briefed the Air National Guard Director of Intelligence on the team's results and operational impact, turning technical work and user feedback into clear decisions for senior leadership.

Digital Network Intelligence Analyst

September 2020 - October 2022

161st Intelligence Squadron, Kansas Air National Guard | McConnell AFB, Wichita, KS

- Produced more than 20 multi-intelligence assessments for United States Central Command and coordinated information sharing with NSA, CIA, Army, and other Intelligence Community organizations.
- Built target, entity, relationship, and timeline structures covering more than 150 individuals using SIGINT, digital network intelligence, and all-source reporting.
- Trained and mentored more than 10 analysts on tradecraft, software workflows, reporting standards, and Intelligence Oversight; brought three analysts to full proficiency within one year.
