

OLIVER TILLINGHAST

FIELD SERVICE ANALYSIS | MISSION SYSTEMS TRAINING

Wichita, Kansas | (785) 214-8759 | obtill199@gmail.com

Active DoD TS/SCI | Counterintelligence Polygraph

PROFESSIONAL SUMMARY

Cleared intelligence operations and training professional with six years of experience supporting users, analytical platforms, and high-tempo classified missions. Has led a 30-user technology implementation, trained approximately 100 personnel, briefed senior military leadership, and translated operational workflows into practical system improvements.

AREAS OF EXPERTISE

Field User Support | Mission Systems Training | Intelligence Integration | Geospatial Workflows | Requirements Translation | Help-Desk Troubleshooting | Operational Briefing | Product Feedback | High-Tempo Support

PROFESSIONAL EXPERIENCE

Fusion Analyst | Data Analyst | Team Lead

October 2022 - Present

184th Intelligence Group, Kansas Air National Guard | McConnell AFB, Wichita, KS

- Managed the 184th ISRG implementation of Scale AI's Donovan platform for approximately 30 intelligence professionals, translating analyst needs into use cases and coordinating integrations, testing, training, troubleshooting, and rollout activities.
- Create and deliver job-specific instruction, Intelligence Oversight training, platform training, procedure guides, and reference materials; career training has reached approximately 100 personnel and supported initial qualification and annual recertification.
- Coordinate biweekly working sessions and quarterly capability reviews with industry partners, analysts, engineers, customers, and leadership to resolve issues and keep delivery aligned with mission needs.
- Lead classified software and AI/ML evaluations with industry and national laboratory partners, assessing output accuracy, mission fit, data quality, limitations, and adoption barriers before recommending whether a capability should move forward.
- Briefed the Air National Guard Director of Intelligence on the team's results and operational impact, turning technical work and user feedback into clear decisions for senior leadership.

Digital Network Intelligence Analyst

September 2020 - October 2022

161st Intelligence Squadron, Kansas Air National Guard | McConnell AFB, Wichita, KS

- Supported high-altitude U-2 missions for approximately 10 months as a report writer on sustained night-shift operations, producing timely reporting in a high-tempo classified environment.
- Produced more than 20 multi-intelligence assessments for United States Central Command and coordinated information sharing with NSA, CIA, Army, and other Intelligence Community organizations.
- Trained and mentored more than 10 analysts on tradecraft, software workflows, reporting standards, and Intelligence Oversight; brought three analysts to full proficiency within one year.
