

OLIVER TILLINGHAST

TARGET DIGITAL NETWORK ANALYSIS | SIGINT TRADECRAFT

Wichita, Kansas | (785) 214-8759 | obtill199@gmail.com

Active DoD TS/SCI | Counterintelligence Polygraph

PROFESSIONAL SUMMARY

Cleared digital network intelligence and SIGINT analyst with six years of experience researching target communications, developing entity and relationship structures, and turning complex network activity into actionable reporting. Combines formal NSA training, classified discovery tools, multi-source research, geospatial context, and clear senior-leader communication.

AREAS OF EXPERTISE

Digital Network Intelligence | Target Network Analysis | SIGINT Research | Entity and Relationship Mapping | Metadata-Informed Analysis | Geospatial Context | Intelligence Reporting | OSINT-Informed Research | Senior-Leader Briefing

PROFESSIONAL EXPERIENCE

Fusion Analyst | Data Analyst | Team Lead

October 2022 - Present

184th Intelligence Group, Kansas Air National Guard | McConnell AFB, Wichita, KS

- Maintain readiness to return to operational analysis while monitoring collection capabilities and the political and military environment surrounding priority adversaries.
- Evaluated a Sandia National Laboratories model designed to identify movement of order of battle, identified limitations in its analytic approach, and recommended an additional signals-based application.
- Create and respond to intelligence Requests for Information, clarify requirements, identify suitable sources and tools, and deliver concise findings to operational customers.
- Lead classified software and AI/ML evaluations with industry and national laboratory partners, assessing output accuracy, mission fit, data quality, limitations, and adoption barriers before recommending whether a capability should move forward.
- Briefed the Air National Guard Director of Intelligence on the team's results and operational impact, turning technical work and user feedback into clear decisions for senior leadership.

Digital Network Intelligence Analyst

September 2020 - October 2022

161st Intelligence Squadron, Kansas Air National Guard | McConnell AFB, Wichita, KS

- Built target, entity, relationship, and timeline structures covering more than 150 individuals using SIGINT, digital network intelligence, and all-source reporting.
- Produced more than 20 multi-intelligence assessments for United States Central Command and coordinated information sharing with NSA, CIA, Army, and other Intelligence Community organizations.
- Tracked 52 subjects of interest and authored 109 time-sensitive reports during Operation ALLIES REFUGE, supporting decisions that enabled the safe evacuation of 124,000 noncombatants.
