

OLIVER TILLINGHAST

ALL-SOURCE TARGET DEVELOPMENT | OPERATIONAL INTELLIGENCE

Wichita, Kansas | (785) 214-8759 | obtill199@gmail.com

Active DoD TS/SCI | Counterintelligence Polygraph

PROFESSIONAL SUMMARY

Cleared all-source and digital network intelligence analyst with six years of experience developing targets, identifying relationships and patterns, answering operational requirements, and producing time-sensitive reporting for senior decision-makers. Experienced in classified database research, multi-INT fusion, geospatially informed analysis, and sustained support to high-tempo missions.

AREAS OF EXPERTISE

Target Development | Pattern-of-Life Analysis | Intelligence Reporting | Collection Gap Identification | Multi-INT Fusion | Entity and Link Analysis | Operational Briefing | RFI Support | Classified Research

PROFESSIONAL EXPERIENCE

Fusion Analyst | Data Analyst | Team Lead

October 2022 - Present

184th Intelligence Group, Kansas Air National Guard | McConnell AFB, Wichita, KS

- Create and respond to intelligence Requests for Information, clarify requirements, identify suitable sources and tools, and deliver concise findings to operational customers.
- Helped develop an ArcGIS dashboard and historical database documenting movement of order of battle, combining geospatial context, imagery-informed workflows, and structured records for analyst use.
- Evaluated a Sandia National Laboratories model designed to identify movement of order of battle, identified limitations in its analytic approach, and recommended an additional signals-based application.
- Maintain readiness to return to operational analysis while monitoring collection capabilities and the political and military environment surrounding priority adversaries.
- Briefed the Air National Guard Director of Intelligence on the team's results and operational impact, turning technical work and user feedback into clear decisions for senior leadership.

Digital Network Intelligence Analyst

September 2020 - October 2022

161st Intelligence Squadron, Kansas Air National Guard | McConnell AFB, Wichita, KS

- Built target, entity, relationship, and timeline structures covering more than 150 individuals using SIGINT, digital network intelligence, and all-source reporting.
- Tracked 52 subjects of interest and authored 109 time-sensitive reports during Operation ALLIES REFUGE, supporting decisions that enabled the safe evacuation of 124,000 noncombatants.
- Supported high-altitude U-2 missions for approximately 10 months as a report writer on sustained night-shift operations, producing timely reporting in a high-tempo classified environment.

PLATFORMS AND TECHNICAL SKILLS

Palantir; FADE/MIST; IBM i2 Analyst's Notebook; Esri ArcGIS; iSpy; CED; MEPED; NASICLINK; NSA discovery and research tools; classified intelligence databases; imagery and geospatial workflows

EDUCATION AND TRAINING

A.A.S., Intelligence Studies and Technology | Community College of the Air Force | 2024 A.S. | Neosho County Community College | 2019

NETA Signals Intelligence Course Series, National Security Agency, 2021-2023 | Signals Intelligence Analyst Technical School, 2020 | Marketing and Digital Marketing coursework, Wichita State University, 2023-2024
