PROFESSIONAL EXPERIENCE

Fusion Analyst | Data Analyst | Team Lead

October 2022 - Present

184th Intelligence Group, Kansas Air National Guard | McConnell AFB, Wichita, KS

- Helped develop an ArcGIS dashboard and historical database documenting movement of order of battle, combining geospatial context, imagery-informed workflows, and structured records for analyst use.
- Evaluated a Sandia National Laboratories model designed to identify movement of order of battle, identified limitations in its analytic approach, and recommended an additional signals-based application.
- Lead classified software and AI/ML evaluations with industry and national laboratory partners, assessing output accuracy, mission fit, data quality, limitations, and adoption barriers before recommending whether a capability should move forward.
- Create and respond to intelligence Requests for Information, clarify requirements, identify suitable sources and tools, and deliver concise findings to operational customers.
- Briefed the Air National Guard Director of Intelligence on the team's results and operational impact, turning technical work and user feedback into clear decisions for senior leadership.

Digital Network Intelligence Analyst

September 2020 - October 2022

161st Intelligence Squadron, Kansas Air National Guard | McConnell AFB, Wichita, KS

- Produced more than 20 multi-intelligence assessments for United States Central Command and coordinated information sharing with NSA, CIA, Army, and other Intelligence Community organizations.
- Built target, entity, relationship, and timeline structures covering more than 150 individuals using SIGINT, digital network intelligence, and all-source reporting.
- Tracked 52 subjects of interest and authored 109 time-sensitive reports during Operation ALLIES REFUGE, supporting decisions that enabled the safe evacuation of 124,000 noncombatants.
