PROFESSIONAL EXPERIENCE

KANSAS AIR NATIONAL GUARD (Staff Sergeant, E-5) **McConnell AFB, Wichita, KS**
Fusion Analyst, Data Analyst Team Lead | 184th Intelligence Group and 184th ISRG **Oct 2022 – Present**

- Lead classified software and AI/ML evaluations with Scale AI, Sandia National Laboratories, and Pacific Northwest National Laboratory, testing accuracy, mission fit, and limitations against mission-representative workflows; recommend against fielding when a tool lacks operational value.
- Tested a Sandia National Laboratories model designed to identify movement in an order of battle; challenged its analytic approach and recommended expanding it to signals-based order-of-battle identification.
- Build plans of action and milestones (POA&Ms) for test, developmental, and capability objectives, tracking tasks, dependencies, risks, evidence, findings, and recommendations for leadership and external stakeholders.
- Write formal requirements, user stories, test reports, risk documentation, implementation plans, and leadership recommendations for government, academic, laboratory, and industry partners, including MIT, national laboratories, and AFRL.
- Briefed the Director of Intelligence for the Air National Guard on the team's work, operational impact, and contribution to Air Combat Command policy.
- As a Staff Sergeant, lead a team of 20+ analysts: build execution plans, assign work, set expectations, monitor completion, and resolve problems so projects keep moving.
- Created and delivered training for approximately 100 personnel supporting initial job certification and annual recertification, covering intelligence duties, Intelligence Oversight, analytic platforms, and emerging tools.

Digital Network Intelligence Analyst | 161st Intelligence Squadron, 184th Intelligence Group **Sep 2020 – Oct 2022**

- Authored the group's Intelligence Oversight training, which governs how analysts collect, retain, and share information on U.S. persons.
- Built target, entity, relationship, and timeline structures on 150+ individuals of interest from multi-INT reporting.
- Produced 20+ multi-intelligence assessments for U.S. Central Command, integrating geospatial, signals, human-source, and open-source reporting into decision support for command leaders.
- Operation ALLIES REFUGE (Afghanistan): tracked 52 subjects of interest and authored 109 time-sensitive reports that supported the safe evacuation of 124,000 noncombatants.
