PROFESSIONAL EXPERIENCE

KANSAS AIR NATIONAL GUARD (Staff Sergeant, E-5)

McConnell AFB, Wichita, KS

Fusion Analyst, Data Analyst Team Lead | 184th Intelligence Group and 184th ISRG

Oct 2022 – Present

- Tested a Sandia National Laboratories model designed to identify movement in an order of battle; challenged its analytic approach and recommended expanding it to signals-based order-of-battle identification.
- Lead classified software and AI/ML evaluations with Scale AI, Sandia National Laboratories, and Pacific Northwest National Laboratory, testing accuracy, mission fit, and limitations against mission-representative workflows; recommend against fielding when a tool lacks operational value.
- Designed and deployed Node.js, React, and SQLite applications for multi-source collection and monitoring on classified networks; built quantitative Python models for probabilistic assessment.
- Designed and fielded a natural-language retrieval workflow that lets combatant-command planners query operational plans in seconds; extended it to real-time wargaming and course-of-action questions.
- Briefed the Director of Intelligence for the Air National Guard on the team's work, operational impact, and contribution to Air Combat Command policy.
- As a Staff Sergeant, lead a team of 20+ analysts: build execution plans, assign work, set expectations, monitor completion, and resolve problems so projects keep moving.

Digital Network Intelligence Analyst | 161st Intelligence Squadron, 184th Intelligence Group

Sep 2020 – Oct 2022

- Performed digital network intelligence (DNI) and signals intelligence (SIGINT) analysis, multi-intelligence fusion, and all-source analysis supporting time-sensitive reporting and crisis monitoring.
- Built target, entity, relationship, and timeline structures on 150+ individuals of interest from multi-INT reporting.
- Operation ALLIES REFUGE (Afghanistan): tracked 52 subjects of interest and authored 109 time-sensitive reports that supported the safe evacuation of 124,000 noncombatants.
- Produced 20+ multi-intelligence assessments for U.S. Central Command, integrating geospatial, signals, human-source, and open-source reporting into decision support for command leaders.
- Established information-sharing relationships with NSA, CIA, Army, and other Intelligence Community organizations.
- Wrote intelligence reports supporting high-altitude U-2 missions for about ten months on sustained 10+ hour night shifts.
- Mentored 10+ analysts and brought three to full proficiency within one year.
