

OLIVER TILLINGHAST

ALL-SOURCE INTELLIGENCE ANALYST | MULTI-INT FUSION | USAF 1N451

Wichita, KS | (785) 214-8759 | obtill199@gmail.com | Available for OCONUS deployment

Active TS/SCI with CI Polygraph | U.S. Citizen | USAF AFSC 1N451 (Fusion Analyst)

PROFESSIONAL SUMMARY

All-source intelligence analyst and USAF Fusion Analyst (AFSC 1N451) with six years of military analysis in the Kansas Air National Guard. Produced 20+ multi-intelligence assessments for U.S. Central Command and supported Operation ALLIES REFUGE in Afghanistan with 109 time-sensitive reports. Applies structured analytic techniques, coordinates across the Intelligence Community, and leads a 20+ analyst team as a Staff Sergeant.

CORE COMPETENCIES

All-Source Analysis | Multi-INT Fusion | SIGINT / Digital Network Intelligence | Target, Entity & Timeline Development | Link & Network Analysis | Time-Sensitive Reporting | RFI Management | Structured Analytic Techniques | Military Analysis | Intelligence Oversight | Briefing

PROFESSIONAL EXPERIENCE

KANSAS AIR NATIONAL GUARD (Staff Sergeant, E-5)

McConnell AFB, Wichita, KS

Fusion Analyst, Data Analyst Team Lead | 184th Intelligence Group and 184th ISRG

Oct 2022 – Present

- As a Staff Sergeant, lead a team of 20+ analysts: build execution plans, assign work, set expectations, monitor completion, and resolve problems so projects keep moving.
- Create and answer requests for information (RFIs) for intelligence needs, clarifying requirements and delivering concise findings to operational customers.
- Briefed the Director of Intelligence for the Air National Guard on the team's work, operational impact, and contribution to Air Combat Command policy.
- Helped develop an Esri ArcGIS dashboard and historical database documenting order-of-battle movement for analyst use.
- Lead classified software and AI/ML evaluations with Scale AI, Sandia National Laboratories, and Pacific Northwest National Laboratory, testing accuracy, mission fit, and limitations against mission-representative workflows; recommend against fielding when a tool lacks operational value.
- Created and delivered training for approximately 100 personnel supporting initial job certification and annual recertification, covering intelligence duties, Intelligence Oversight, analytic platforms, and emerging tools.

Digital Network Intelligence Analyst | 161st Intelligence Squadron, 184th Intelligence Group

Sep 2020 – Oct 2022

- Produced 20+ multi-intelligence assessments for U.S. Central Command, integrating geospatial, signals, human-source, and open-source reporting into decision support for command leaders.
- Operation ALLIES REFUGE (Afghanistan): tracked 52 subjects of interest and authored 109 time-sensitive reports that supported the safe evacuation of 124,000 noncombatants.
- Built target, entity, relationship, and timeline structures on 150+ individuals of interest from multi-INT reporting.
- Performed digital network intelligence (DNI) and signals intelligence (SIGINT) analysis, multi-intelligence fusion, and all-source analysis supporting time-sensitive reporting and crisis monitoring.
- Established information-sharing relationships with NSA, CIA, Army, and other Intelligence Community organizations.
- Wrote intelligence reports supporting high-altitude U-2 missions for about ten months on sustained 10+ hour night shifts.
- Wrote the group's Intelligence Oversight training; mentored 10+ analysts (three to full proficiency in one year).

TECHNICAL SKILLS

Analytic Platforms: Palantir, IBM i2 Analyst's Notebook, Esri ArcGIS, FADE/MIST, ChatSurfer, Cognos, NSA discovery and research tools, Intelligence Community databases

Data & Office: Python, SQL, JavaScript, Microsoft Office (Word, Excel, PowerPoint)
