## PROFESSIONAL EXPERIENCE

**KANSAS AIR NATIONAL GUARD (Staff Sergeant, E-5)**

**McConnell AFB, Wichita, KS**

**Fusion Analyst, Data Analyst Team Lead | 184th Intelligence Group and 184th ISRG**

**Oct 2022 – Present**

- As a Staff Sergeant, lead a team of 20+ analysts: build execution plans, assign work, set expectations, monitor completion, and resolve problems so projects keep moving.
- Build plans of action and milestones (POA&Ms) for test, developmental, and capability objectives, tracking tasks, dependencies, risks, evidence, findings, and recommendations for leadership and external stakeholders.
- Ran a biweekly and quarterly delivery cadence with Scale AI, using capability demonstrations to gather analyst feedback, identify integration needs, and set rollout priorities.
- Created and delivered training for approximately 100 personnel supporting initial job certification and annual recertification, covering intelligence duties, Intelligence Oversight, analytic platforms, and emerging tools.
- Write procedure guides and reference materials, and simplify complex technical and analytic material so trainees understand and retain it.
- Briefed the Director of Intelligence for the Air National Guard on the team's work, operational impact, and contribution to Air Combat Command policy.
- Create and answer requests for information (RFIs) for intelligence needs, clarifying requirements and delivering concise findings to operational customers.
- Produce decision support and intelligence products for command leaders.

**Digital Network Intelligence Analyst | 161st Intelligence Squadron, 184th Intelligence Group**

**Sep 2020 – Oct 2022**

- Operation ALLIES REFUGE (Afghanistan): tracked 52 subjects of interest and authored 109 time-sensitive reports that supported the safe evacuation of 124,000 noncombatants.
- Wrote intelligence reports supporting high-altitude U-2 missions for about ten months on sustained 10+ hour night shifts.
- Produced 20+ multi-intelligence assessments for U.S. Central Command, integrating geospatial, signals, human-source, and open-source reporting into decision support for command leaders.
- Built target, entity, relationship, and timeline structures on 150+ individuals of interest from multi-INT reporting.
- Established information-sharing relationships with NSA, CIA, Army, and other Intelligence Community organizations.
- Wrote the group's Intelligence Oversight training; mentored 10+ analysts (three to full proficiency in one year).
