

OLIVER TILLINGHAST

SIGINT / DIGITAL NETWORK INTELLIGENCE ANALYST | NSA NETA-TRAINED | ESRI ARCGIS
Wichita, KS | (785) 214-8759 | obtill199@gmail.com | Available for OCONUS deployment
Active TS/SCI with CI Polygraph | U.S. Citizen | USAF AFSC 1N451 (Fusion Analyst)

PROFESSIONAL SUMMARY

SIGINT and digital network intelligence analyst with NSA NETA course training and six years in the Kansas Air National Guard. Built target, entity, and timeline structures on 150+ individuals, fused signals-derived information into 20+ assessments for U.S. Central Command, and supported U-2 missions as a report writer. Uses Esri ArcGIS and NSA discovery and research tools, and holds a CI polygraph.

CORE COMPETENCIES

SIGINT Analysis | Digital Network Intelligence | Target & Entity Development | Multi-INT Fusion | Geospatial Context (Esri ArcGIS) | Intelligence Reporting | Structured Analytic Techniques | Microsoft Office

PROFESSIONAL EXPERIENCE

KANSAS AIR NATIONAL GUARD (Staff Sergeant, E-5) **McConnell AFB, Wichita, KS**
Fusion Analyst, Data Analyst Team Lead | 184th Intelligence Group and 184th ISRG **Oct 2022 – Present**

- Tested a Sandia National Laboratories model designed to identify movement in an order of battle; challenged its analytic approach and recommended expanding it to signals-based order-of-battle identification.
- Helped develop an Esri ArcGIS dashboard and historical database documenting order-of-battle movement for analyst use.
- Create and answer requests for information (RFIs) for intelligence needs, clarifying requirements and delivering concise findings to operational customers.
- Produce decision support and intelligence products for command leaders.
- As a Staff Sergeant, lead a team of 20+ analysts: build execution plans, assign work, set expectations, monitor completion, and resolve problems so projects keep moving.
- Briefed the Director of Intelligence for the Air National Guard on the team's work, operational impact, and contribution to Air Combat Command policy.
- Lead classified software and AI/ML evaluations with Scale AI, Sandia National Laboratories, and Pacific Northwest National Laboratory, testing accuracy, mission fit, and limitations against mission-representative workflows; recommend against fielding when a tool lacks operational value.

Digital Network Intelligence Analyst | 161st Intelligence Squadron, 184th Intelligence Group **Sep 2020 – Oct 2022**

- Performed digital network intelligence (DNI) and signals intelligence (SIGINT) analysis, multi-intelligence fusion, and all-source analysis supporting time-sensitive reporting and crisis monitoring.
- Built target, entity, relationship, and timeline structures on 150+ individuals of interest from multi-INT reporting.
- Produced 20+ multi-intelligence assessments for U.S. Central Command, integrating geospatial, signals, human-source, and open-source reporting into decision support for command leaders.
- Operation ALLIES REFUGE (Afghanistan): tracked 52 subjects of interest and authored 109 time-sensitive reports that supported the safe evacuation of 124,000 noncombatants.
- Wrote intelligence reports supporting high-altitude U-2 missions for about ten months on sustained 10+ hour night shifts.
- Established information-sharing relationships with NSA, CIA, Army, and other Intelligence Community organizations.
- Wrote the group's Intelligence Oversight training; mentored 10+ analysts (three to full proficiency in one year).

TECHNICAL SKILLS

Analytic Platforms: Palantir, IBM i2 Analyst's Notebook, Esri ArcGIS, FADE/MIST, ChatSurfer, Cognos, NSA discovery and research tools, Intelligence Community databases

Data & Office: Python, SQL, JavaScript, Microsoft Office (Word, Excel, PowerPoint)

EDUCATION AND TRAINING

Associate of Applied Science, Intelligence Studies and Technology, Community College of the Air Force	2024
Associate of Science, Neosho County Community College	2019
NETA Signals Intelligence Course Series, National Security Agency	2021 – 2023
Signals Intelligence Analyst Technical School	2020
Marketing and Digital Marketing coursework, Wichita State University	2023 – 2024
